CONTENTS

Adapting a *unique style* to compliment your surroundings

Roc Deco decorative grilles are beautifully crafted and elegantly placed, the Inspirations collection guarantees the highest quality and performance to the highest standard. These exciting inserts are in addition to the stunning designs such as the Florence, Roma and Murano.

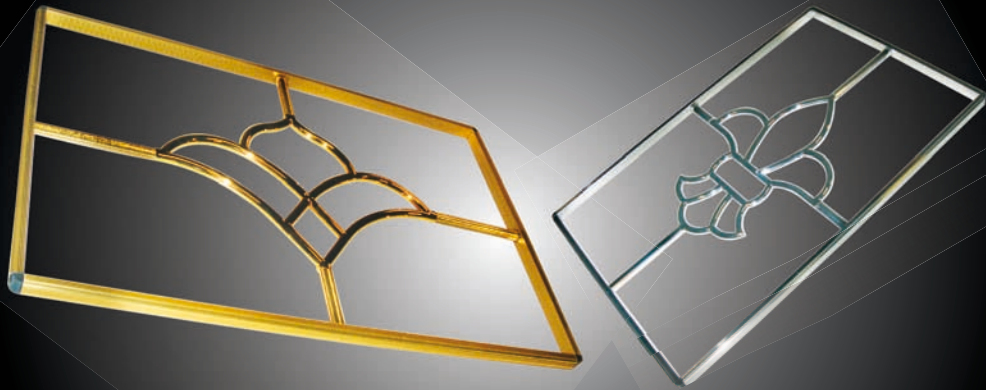

The Georgian and Border grille styles allow endless design possibilities. These are available in Gold, Chrome and various customised colour options which

will enhance the mood and capture the atmosphere of your own home.

Roc Deco are continually developing the concept of creative options, giving you even more choice to add a touch of class to your home. With an ever increasing need to portray a more contemporary look, these fascinating designs compliment the exterior of your home whilst providing a sense of security, safety and comfort.

Make an *impression* that lasts

Roc Deco decorative grilles are manufactured using 100% precision engineering. The aluminium bar is anodised prior to going through a process of roll-forming to create the required tubular shape. The injection moulded ABS plastic components are created using an electro plating galvanic process to ensure UV stability. The Roc Deco decorative grilles are totally encapsulated inside a sealed unit, giving you a lifetime of protection from the elements.

Creative solutions for your glass

Fusion glass is produced by using a furnace to bring coloured glass to a molten stage and carefully mixing the colours, producing beautiful glass tiles. These are bonded with an optically clear resin to a carrier glass. These designs are perfect for entrance doors, side-panels and bathroom windows etc, bringing to your home a quality that is truly reflective of modern living. The Fusion glass system is available in many different colours and shapes.

Chelmsford

Beautifully crafted designs

Enjoy the beauty of decorative glass with a variety of stunning designs and patterns that will enhance the surroundings of any home.
